OUR STORY

Colette is a leading provider of luxury residential furniture and upholstery. Through close collaborations with skilled artisans and aspiring designers, Colette has set the pace with unique designs. We offer an extraordinary assortment with special attention to material, texture, scale and finish. From raw edges and etched glass to exposed wood grains, each piece has been infused with thoughtful design details that feel bespoke.

Colette designers are constantly travelling the world to bring elements of fashion and architecture to their designs. We pay careful attention to details to bring these ideas to life. From gilded embroidery on a gown to organic elements in nature, the challenge of reinterpreting these inspirations through handcrafted metalwork or finish techniques yields a beautiful collection that feels new yet familiar.

Our pieces are made in our workroom in Tangerang. Our craftsmen have decades of experience in designing and manufacturing quality furniture and we are proud of the attention to detail that we offer.
